

KIOSK | K450

CREATE ENDLESS
EXPERIENCES.

K450

Disrupt traditional traffic patterns to attract immersive use without taking up valued floor space. The Verifone K450 is an ultra slim kiosk solution with larger screen size and purpose-built durability. The eye-catching screen boldly displays your brand while customized graphics enable customers to conveniently build their cart and place orders. With the added benefit of increased order accuracy, seamless connection to systems and inventory, and up to 70% decreases in throughput times, the possibilities are truly endless.

- Vibrant display screen with PCAP touch technology
- Pairs with multiple computer manufacturer models for customizing to your business needs
- Easily integrate Verifone payment devices to accept secure payments at the point of selection
- Complies with ADA guidelines
- Flexible configurations give you options for the best utilization of space – wall mount or pole mount
- Multiple options for connecting to power and data lines
